Essent Announces Enhanced Integration with PMI Rate Pro to Support EssentEDGE Pricing

Expanded partnership with PMI Rate Pro for seamless ordering

RADNOR, Pa. – May 14, 2024 – Essent Guaranty, Inc., a nationwide provider of mortgage insurance (MI) and subsidiary of Essent Group Ltd. (NYSE: ESNT) announced today an enhanced integration with PMI Rate Pro, an innovator in MI pricing platforms, to now include ordering MI. This represents an improvement in efficiency and accessibility for our mutual customers and prospective homeowners.

“Essent is pleased to evolve our partnership with PMI Rate Pro in providing customers an improved, intuitive interface which supports EssentEDGE, our proprietary next generation risk assessment and MI pricing engine,” said Kendra Placek, SVP of Operations at Essent. “We continue to be dedicated to providing streamlined access to our product offerings for customers and to working with mortgage technology providers focused on enabling a great mortgage experience for the borrower.”

Essent has partnered with PMI Rate Pro since 2020, working with them to build their product and platform into today’s feature rich offering which provides direct user access and seamless API integration with loan origination systems and pricing engines. This latest enhancement allows PMI Rate Pro customers to receive rate quotes, leverage risk allocation functionality and MI ordering directly without leaving PMI Rate Pro’s end-to-end API platform.
